4 February 2020

Dear Sir/Madam,

A36 Witherington northbound and southbound – 14/02/20 to 14/03/20

Highways England operates, maintains and improves England's motorways and major A roads. I am writing to let you know we will shortly be undertaking a programme of essential road repairs in your area.

The works

The surface of the A36 between Alderbury and Brickworth has deteriorated with age and several repairs need to be made. We will be repairing a number of defects in this area, which will work to provide a much smoother, quieter, and safer road. To minimise disruption to residents and road users, we will also be using this opportunity to complete other essential works in the area. These include installing safety signage and road markings along the A36 at Alderbury Bypass, the cutback of vegetation at Brickworth Down and Dean Hill, layby signage upgrades, the refreshing of road markings.

Traffic Management

To minimise the disruption to residents and road users, the work will be completed under overnight road closures Monday to Friday nights only, with a single Saturday shift under 2-way temporary traffic lights on 15/02/20. A fully signed diversion route will be in place.

When will this work take place?

Start date: 8pm evening of Friday 14 February 2020

End date: 6am morning of Saturday 14 March 2020

Hours of work: 8pm to 6am overnight Monday to Friday inclusive.

We would like to apologise in advance for any inconvenience these works may cause you. We will make every effort to ensure the impact on the local community and travelling public is kept to an absolute minimum.

Please note precise dates and times of the works may be subject to change due to weather conditions or unforeseen circumstances. Where possible we'll keep you updated of significant changes via advance roadside warning signs but please also monitor www.trafficengland.com to keep up to date. We will make every effort to ensure the impact on the local community and travelling public is kept to a minimum.

If you have any queries or comments about the work, or would like further information please contact Highways England Customer Contact Centre on **0300 123 5000** or by email: **info@highwaysengland.co.uk**
